# KITCHEN & BATHROOM SURFACES

---

A genuine "authentic" life starts in our home, which is a reflection of our own personality and experience. The human dimension is what turns our house into our home.

It is a way of living constructed over time.

It is the result of our actions, our decisions and our experiences.

**Live the authentic life.**

**Live your life with Silestone®.**

*"I love architecture and fashion,  
but the authentic things are in the houses  
we live in, in the clothes real people wear.  
That's what I tell people on my blog.  
That is Authentic life."*

Integrity DUE

## New Sinks Integrity DUE

DUE is one and it is also two. It is one because it consists of just one quartz piece that can offer a continuous, balanced and perfect harmony between worktop and sink. It is also one because it is launched in a suitable size for an individual sink.

It is two because it also offers a size designed for double sinks that have been created with simple, straight and minimum lines.

The Integrity collection has improved this new model, enhancing its square shape and simple straight lines.

The versatility, quality and assurance of Silestone® are brought together in DUE, the Integrity sink that is like no other.

## Nebula Introduces Two New Colours

The successful Nebula series launches two amazing new colours that will provoke a reaction from everyone.

"Vortium" includes warm shades, defined veins and intricate glass that gives depth and volume to the surface. "Dinux" is composed of very intense grey shade and delicate mirror that gives life to the material.

## Silestone® Reinvents The Touch of your Worktop with Suede

---

The new extramatt finish of Silestone® enhances worksurfaces thanks to its soft velvety texture which is both pleasing to the eye, and hand. Suede is a new Silestone® sensation that offers something for all our senses due to its revolutionary texture, never before seen in quartz surfaces.

The new Suede finish is launched to provide intense colour and high performance against stains and marks. Additionally, its exclusive treatment offers the highest technological performance.

Suede is launched in more than 40 Silestone® colours.

## The Silestone® Sinks. Integration without joints.

---

A solution for those who want the best from their kitchen, the Integrity Sink combines all the advantages of Silestone® in a new and revolutionary product. It completes the cycle of perfection that the kitchen needs and it harmonizes every aspect.

Thanks to the 'one piece only' effect, the uniformity is obvious. Worktop and sink are joined in design and they are perfectly combined in order to prevent any disjointed areas.

And now, also available: **Integrity Due!**

**In one  
Piece**

---

**ONE is the model that defines the concept of Integrity.** A single sink, in one piece, measuring 41 x 51 x 15,5 cm., ONE is 1, with its curved outline, the perfect choice for lovers of fluid design and originality.

**Straight  
Lines**

---

**DUE is available in two sizes: 37x34x15.5, ideal for a double sink and 37x51x15.5 for a single sink, it is characterised by its straight lines.**

The perfect choice for those who see the simplicity of straight lines as the mark of style and beauty.

# The Secure Brand

The unique brand that gives you a certified warranty.

Only the world's leading quartz surface manufacturer, one who offers unique anti-bacterial protection as standard, could exceed itself once again by providing a ten year warranty for all Silestone® quartz surfaces. Demand a genuine Silestone® worktop. Reject all imitations.

## Certifications

Silestone® is internationally certified to guarantee maximum hygiene and environmental protection.

### Greenguard

This certification assures the low emissions of chemical compounds to the air.

### NSF

This certification assures the security of the product in hygienic terms.

### LGA

It assures the efficiency of the use of water systems and the control of environmental risks.

# Advantages of Silestone®

---

Silestone® is a natural quartz surface developed and created to decorate today's kitchens and bathrooms in a range of attractive quartz colours, extraordinary quartz textures, and top-quality performance. It is the only one with a bacteriostatic protection for worktops that guarantees maximum hygiene on its surfaces.

## Resistant to stains

---

Silestone® is a quartz surface that is highly resistant to staining from coffee, wine, lemon juice, olive oil, vinegar, make-up and many other everyday products.

## Resistant to knocks

---

The high level of resistance of Silestone® quartz worktops to knocks, far surpasses that of other products with similar applications (granite, solid surfaces, etc). This resistance and durability provides peace of mind in the kitchen.

## Resistant to acid

---

Quartz is one of the strongest minerals known to man. This makes our products extremely durable, with a high level of resistance to external aggressors.

## Resistant to scratching

---

Quartz has a hardness of 7 in the Mohs hardness scale (diamond is number 10). Therefore, whereas with the majority of other worktops, such as those made of granite or laminate, which

can get scratched, with Silestone® no mark is left. Silestone® is highly resistant but should not be treated with reckless force, care needs to be taken with knife blades.

---

# Silestone Premium + More Than a Symbol.

---

Above all, Silestone® means capability, initiative, consistency, responsibility, development, experience...  
it is all this and much more.

It is a set of advantages that have made Silestone® a progressive brand, adapting the latest technologies  
in every way and for everyone.

It is a journey towards the future that we began many years ago, and which has made us an icon in  
constant re-evolution.

---

# The Re-Evolution of Silestone®

## Colours & Textures

---

With more than 60 colours and three textures to combine: polished, matt or rough – the possibilities are endless. From the most modern designs to the most traditional, any idea can be brought to life.

## After-Sales Service

---

We place special emphasis on our after-sales service, as it is the most honest and effective means of providing greater added-value to our products. Our users can understand why the leader is always the first to evolve.

## Strength

---

After diamond and ruby, quartz is the hardest mineral known to man. This makes our products long-lasting and highly resistant to external aggressions.

## Formats

---

We manufacture 3 thicknesses – 1.2cm, 2cm and 3cm – and two slab formats – 304cm x 138cm (Standard) and 325cm x 159cm (Jumbo – in limited colours). This enables us to offer larger sizes than anyone else with fewer joints.

## Variety

---

Our team of expert “quartz hunters” travel the world to find and choose different quartz varieties for the constant development of new lines to match the latest in interior design trends.

## Brand

---

Everyone wants to be called Silestone® to take advantage of our efforts and market leadership. But there is only one brand, the authentic and original Silestone® by Cosentino®.

## Bacteriostatic Protection

---

This property ensures that bacteria do not proliferate on the entire surface including edges and grooves, providing active protection for the material in any of its applications. It is based on the use of latest generation silver.

## Distribution

---

Reaching the entire world is becoming a reality. This is due to the huge manufacturing capacity of Cosentino® with 11 manufacturing lines and its network of Centers and distributors all over the world.

## Guarantees

---

Cosentino® offers customers a 10-year warranty for Silestone kitchen worktops, as well as the ISO9001, ISO14001, NSF, LGA, Greenguard and Greenguard for Children & Schools certifications.

## Sustainability

---

We are firmly committed to forging a better world through sustainable architecture and construction by providing high value products that improve energy efficiency without compromising the beauty of design.

# Bacteriostatic Protection

---

## With Silver Technology

---

Silestone® is the only surfaces brand that includes an active hygiene system in its composition.

Through the latest in 'silver particle' technology. We achieve an effective protection that stops the spreads of a wide range of bacteria. This way, the Silestone® kitchen and bathroom worktops provide the added value of security and piece of mind for your home. for your home.
